

SILEX 1C Mixed bed cartridge filter

Operating pressure: 4-6 bar | Max. operating temperature: 35 °C | Max. pressure: 6 bar | Material: PE
100-240 VAC with wall plug transformer / 9-24 VDC | Conductivity measuring 0-10 µS/cm

Specifications

Max. flow rate	l/min	2
Cartridge capacity* (cations)	l × °GH	5400
	l × meq	1930
Transport weight (without filling and water; with packing)	kg	5
Inlet / outlet connection (Gardena couplings)		1/2" hose
Required floor space	cm	35 × 20

*Major deviations from the composition of average raw water may change the capacity.
